- Downwardly compatible with USB 2.0/1.1
- OS independent
- Plug & Play and Hot Swap
- Toolless HDD installation with click-cover

Packing content

1x IB-234U3a, USB 3.0 cable, manual

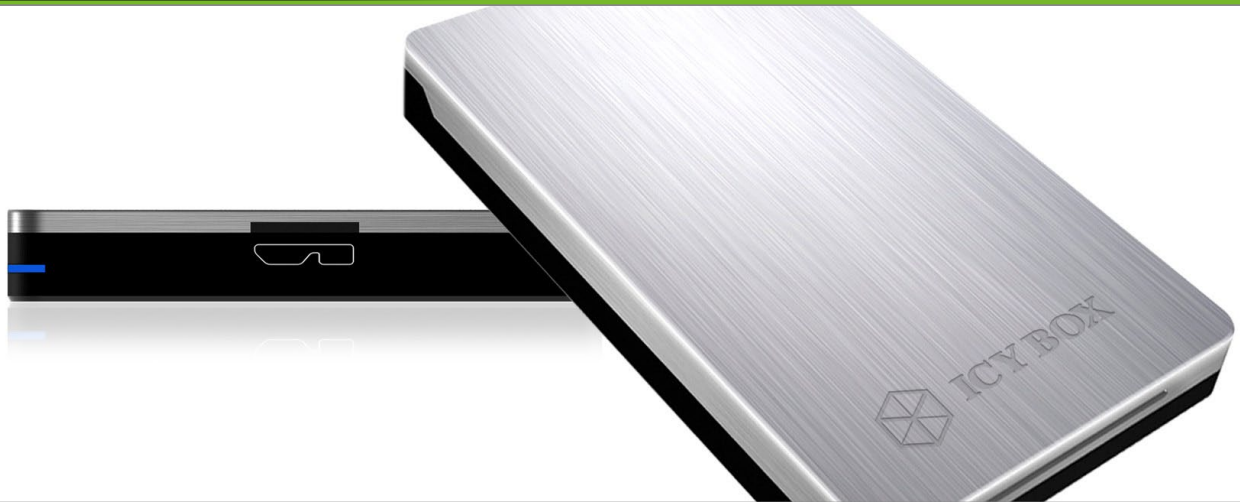

Silver stripes on the desk

The first thing to attract the eye on the external enclosure IB-234U3a is its beautiful surface. Naturally noble aluminum is used to ensure toughness, along ways with the candied optic. Inside the brushed metal is enough space in order to install a 2.5" SATA HDD/SSD up to 9.5 mm high.

The connection is established via a fast USB 3.0 port which is of course downwards compatible with the previous versions. A lightning speed of up to 5 Gbit per second can be achieved while using USB 3.0. This is sufficient for huge amounts such as video collection. The ICY BOX needs no special driver and is delivered ready for usage thanks to the fact that it supports Plug & Play as well as HotSwap. A small LED displays information regarding the status of the IB-234U3a.

Technical data

Model	IB-234U3a	Transfer rate	USB 3.0 up to 5 Gbit/s
Article no.	60023	HDD height	Up to 9.5 mm
EAN code	4250078163671	HDD capacity	Unlimited
Brand	ICY BOX	HotSwap	Yes
Colour	Silver + black	Plug & Play	Yes
Material	Aluminium + Plastic	Operating system	OS independent
HDD interface	1x 2.5" SATA I/II/III	LED	Power and HDD access
External data interface	1x USB 3.0	Power supply	USB powered

ICY BOX **IB-234U3a**

External USB 3.0 enclosure for 2.5" SATA HDDs/SSDs

Plain elegance

This simple, noble-looking enclosure is made of finely brushed aluminum and hard black plastic. Thanks to the aluminum outer surface, this enclosure dissipates the heat from inside and provides an especially silent working environment.

Save yourself the searching

Screws are nowhere here. Thanks to the toolless mounting the efficiency hits the roof. The time saved here could be used elsewhere. For example, when assisted by HotSwap and Plug & Play, changing of an HDD is as easy as a children game.

And even faster!

Since USB 3.0 provides transfer rates of up to 6 GBit/s the LED indicator provides information concerning power and HDD activity (read/write).

Logistical data

Packing unit:	60 pcs./carton
Total weight:	9.5 kg/carton
Gross weight: (with packing):	0.146 kg
Net weight:	0.045 kg

Dimension/carton:	440x295x335 mm
Dimension (with packing):	200x100x25 mm
Dimension of article:	120x75x10 mm
Country of origin:	China
